

REMARKS

As the Applicant has explained in relation to the Interview Summary above, Applicant and Examiner have agreed that the primary technical material Joao '725 does not show the recitations of Applicant's independent claims, although resolution has not yet been reached. Insofar that no prima facie case of unpatentability has been established, Applicant has not herein explicitly addressed any other rejections and/or statements in Examiner's Office Action. The fact that the rejections and/or statements are not herein explicitly addressed should NOT be taken as an admission of any sort, and Applicant hereby reserves any and all rights to contest such rejections and/or statements at a later time. Specifically, no waiver (legal, factual, or otherwise), implicit or explicit, is hereby intended (e.g., with respect to those facts of which Examiner took Official Notice Applicant hereby contests those facts and requests express documentary proof of such facts at such time at which such facts may become relevant). Furthermore, although not expressly set forth herein, Applicant continues to assert all points of any previous Office Action, and no waiver (legal, factual, or otherwise), implicit or explicit, is hereby intended.

If the undersigned attorney has overlooked a relevant teaching in any of the references, the Examiner is requested to point out specifically where such teaching may be found. The Examiner is encouraged to contact the undersigned by telephone (425) 467-2260 to discuss the above and any other distinctions between the claims and the applied references, if desired. If the Examiner notes any informalities in the claims, he is encouraged to contact Mr. Cook by telephone to expediently correct such informalities.

All of the claims remaining in the application are now clearly allowable. Favorable consideration and a Notice of Allowance are earnestly solicited.

Respectfully submitted,

Dale Cook
